Hydrology (from Greek: ὕδωρ, "hýdōr" meaning "water" and λόγος, "lógos" meaning "study") is the scientific study of the movement, distribution, and management of water on Earth and other planets, including the water cycle, water resources, and environmental watershed sustainability. A practitioner of hydrology is called a hydrologist.

Hydrology - Wikipedia

Hydrology. Hydrology is the science that encompasses the study of water on the Earth's surface and beneath the surface
