Good afternoon everyone. My apologies for placing the car in a wrong series. Let me try to give a detailed report on my Prado Land cruiser with 1 kz engine. Like I was trying to explain that the car can't start. The make of my Prado Land cruiser is 2001, 1kz engine. The milage is 215,000km.

1KZ ENGINE JUST CRUNKING | Land Cruiser Club

I cant comment on using a different or the location of the thermostat etc but you should be ware that the 1KZ-TE suffers from another potential problem when it is coupled with an automatic gear box. The radiator cools the ATF as well as the engine.

1KZ-TE engine - how it works; specifically, the cooling ...

1KZ-TE. The 1KZ-TE is a 3.0 L (2,982 cc), 4 cylinder, SOHC, 2 valves per cylinder turbo diesel engine with indirect injection. Bore and stroke is 96 mm x 103 mm (3.78 in x 4.06 in), with a compression ratio of 21.2:1. Maximum output is 130 hp (97 kW; 132 PS) at 3600 rpm with maximum torque of 287 N·m (212 lb·ft) at 2000 rpm.

I have a toyota surf with a 1kz te engine and have removed the head today does anybody know how to tell if it has; Toyota Surf Jap import 1KZ-TE foaming radiator; Boost installation to a hilux 1kz-te; 1kz-te engine. I have a toyota surf with a 1kz te engine and have removed the head today does anybody know how to tell if it has

Why are Toyota 1KZ-TE heads so crap?

Hi guys Just having a few issues with my 1kz-te engine and wondered if anyone could help, it is running really rough when it idles at about 750rpm but clears by about 1100rpm, it puffs quite a bit of blue smoke when its running rough, its not hard to start, any help would be appreciated.

1kz-te problem - Offroad-Express

Toyota 1kz Engine Review The 1KZ-TE engine had a deep-skirt, externally ribbed, linerless cylinder block that was made from wear-resistant alloy and cast iron. The 1KZ-TE engine had 96.0 mm bores and a 103.0 mm stroke for a capacity of 2982 cc. Furthermore, the cylinder bores were 'plateau honed' for more efficient piston ring sealing.

Toyota 1kz Engine Review - centriguida.it

With the 1KZ-TE, once you fit a AMC head or similar, they had a few head problems, you won't look back and a DP chip. Indirect injection fuel systems are much more suited to our fuels (poor quality), just change your fuel filter every 10,000 kms. I have owned both engines, go the 1KZ-TE, you will be so far in front of 1KD-FTV owners in my opinion.

Toyota 1kz Engine Review - svti.it

Seems that in OZ there are still 1KZ-TE engines delivered in new Hiluxes and Prados or at least have been until recently - all using VP44. Now I wait for the exchange chip box, cost was not too bad at EUR190,- but if it's not working every Euro is too much. hope to receive it soon and will let you know.
