Chiropractic is a form of alternative medicine concerned with the diagnosis, treatment and prevention of mechanical disorders of the musculoskeletal system, especially of the spine. It has esoteric origins and is based on several pseudoscientific ideas.. Many chiropractors, especially those in the field's early history, have proposed that mechanical disorders of the joints, especially of the ...

The aim of our research was to establish a reproducible curriculum that offers the possibility to gain basic surgical skills (Knot tying, suturing, laparoscopy basics) through distance education in emergency situations by using tools available in the household. Forty-six volunteering third- and fourth-year medical students were involved in the study. The distance education system was set up ...
