Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.

Career Counselling Therapy In Practice

Career counselling is often mistakenly described as giving people advice on finding the best career path. This fully revised and updated second edition of Career Counselling explains what career counselling actually is, why people seek it, and indicates the many contexts where it is used. It describes in detail the skills, tools and techniques of career counselling, useful to both professional career counsellors and those for whom career counselling is just part of their work.
