Reading Development "Reading is a complex interaction between the text, the reader and the purposes for reading, which are shaped by the reader's prior knowledge and experiences, the reader's knowledge about reading and writing language and the reader's language community which is culturally and socially situated. Dr. Janette M Hughes

The 5 Stages of Reading Development - Children's Library Lady

"The end of reading development doesn't exist; the unending story of reading moves ever forward, leaving the eye, the tongue, the word, the author for a new place from which the 'truth breaks forth, fresh and green,' changing the brain and the reader every time." (Wolf, 2008, p 162)

Five Stages of Reading Development — The Literacy Bug

The early stages of reading development focus on developing sound-symbol relationships, decoding skills, sight word identification, and fluency. Once these skills become automatic, readers have...

THE STAGES OF READING DEVELOPMENT

Reading development has fascinated educators, parents and researchers for decades. While we know that the human brain is wired for language acquisition, the reading and writing of an invented language - as all languages are - is something for which the brain is not hardwired. It requires learning and adaptation.

Learning Theories About Reading Development | The Classroom

In 1983, she developed the "first stage theory" of reading development. It is important to note that reading is a process that changes as the reader becomes more able and proficient. Her stages described what students typically had to master before moving to the next stage.
