Each and every Red Team Operation is conducted consistently using globally accepted and industry-standard frameworks which help make up our red teaming methodology. At a minimum, the underlying framework is based on the NATO CCDCOE, OWASP, PTES, US Army Red Teaming Handbook v7, but goes beyond the initial frameworks themselves.

The concept of Red Teaming is powerful and would seem a natural for this current generation as far as questioning everything. But they lack the critical thinking skills to fully think through matters and truly see things from a different perspective. This book give a lot of tools, techniques and ideas to start your own red team.
