The Tradition Of Natural Law

The tradition of natural law is one of the foundations of Western civilization. At its heart is the conviction that there is an objective and universal justice which transcends humanity's particular expressions of justice.

The concept of natural law is the heritage from the Ancients which has had the most profound impact on the flowering of liberty. Natural Law flourished in the Hellenistic period under the Stoics from the Greeks Zeno of Citium and Chrysippus to the Romans Cato the Younger, Seneca, and Marcus Aurelius.

Natural law (Latin: *ius naturale*, *lex naturalis*) is a system of law that purports to be based on values intrinsic to human nature that can be deduced and applied independent of positive law (the enacted laws of a state or society). According to natural law theory, all people have inherent rights, conferred not by act of legislation but by "God,
